

# Stanford

---

## Calvin Stephens

Postdoctoral Research Fellow, Human Gene Therapy

### Bio

---

#### PROFESSIONAL EDUCATION

- Bachelor of Science, Virginia Polytechnic Institute & State University (2013)
- Doctor of Philosophy, Washington University (2018)

#### STANFORD ADVISORS

- Mark Kay, Postdoctoral Faculty Sponsor

### Publications

---

#### PUBLICATIONS

- **Targeting Various Genomic Loci using AAV-GeneRide Results in Similar Genome Editing Efficiencies but May Affect Translation of the Chimeric mRNA Transcripts**  
Stephens, C. J., Pekrun, K., Tsuji, S., Zhang, F., Kay, M. A.  
CELL PRESS.2020: 455
- **Investigation of the Hepatocyte Population Amenable to Gene Targeting by rAAV-Mediated Homologous Recombination in Mice**  
Tsuji, S., Stephens, C. J., Pekrun, K., Zhang, F., Zhang, A., Kay, M. A.  
CELL PRESS.2020: 80
