

Stanford

Yasser Khan

Postdoctoral Research Fellow, Chemical Engineering

Bio

BIO

Yasser Khan is a postdoctoral scholar in the Department of Chemical Engineering at Stanford University, in Prof. Zhenan Bao's Group. Yasser completed his Ph.D. in Electrical Engineering and Computer Sciences from the University of California, Berkeley, in Prof. Ana Claudia Arias' Group. He received his B.S. in Electrical Engineering from the University of Texas at Dallas, and M.S. in Electrical Engineering from King Abdullah University of Science and Technology. Yasser's research focuses mainly on wearable medical devices, with an emphasis on flexible bioelectronic and biophotonic sensors. Additionally, he worked on projects ranging from "electrochemical etching of ultra-sharp SPM tips" to "energy harvesting in complex systems." His job experience includes internships at UC Berkeley, Oxford University, Stanford University, and Zyvex Labs in Texas.

PROFESSIONAL EDUCATION

- Doctor of Philosophy, University of California Berkeley (2018)
