Stanford

Meagan Mauter

Associate Professor of Civil and Environmental Engineering, by courtesy, of Chemical Engineering and Center Fellow, by courtesy, at the Woods Institute for the Environment

Bio

BIO

Professor Meagan Mauter holds bachelors degrees in Civil & Environmental Engineering and History from Rice University, a Masters of Environmental Engineering from Rice University, and a PhD in Chemical and Environmental Engineering from Yale University. She completed post-doctoral training in the Belfer Center for Science and International Affairs and the Mossavar Rahmani Center for Business and Government at the Harvard Kennedy School of Government, where she was an Energy Technology Innovation Policy Fellow.

At Stanford University, Professor Mauter is appointed as an Associate Professor of Civil & Environmental Engineering and as a Center Fellow, by courtesy, in the Woods Institute for the Environment. She directs the Water and Energy Efficiency for the Environment Lab (WE3Lab) with the mission of providing sustainable water supply in a carbon-constrained world through innovation in water treatment technology, optimization of water management practices, and redesign of water policies. Ongoing research efforts include: 1) developing automated, precise, robust, intensified, modular, and electrified (A-PRIME) water desalination technologies to support a circular water economy, 2) addressing the water constraints to deep decarbonization by quantifying the water requirements of energy systems and developing new technologies for high salinity brine treatment, 3) supporting design and enforcement of California agricultural water policy.

Mauter also serves as the research director for the National Alliance for Water Innovation, a $100-million DOE Energy-Water Desalination Hub (pending appropriations) to address water security issues in the United States. The Hub targets early-stage research and development of energy-efficient and cost-competitive technologies for desalinating non-traditional source waters.

ACADEMIC APPOINTMENTS

- Associate Professor, Civil and Environmental Engineering
- Center Fellow (By courtesy), Stanford Woods Institute for the Environment
- Associate Professor (By courtesy), Chemical Engineering

ADMINISTRATIVE APPOINTMENTS

- Research Director, National Alliance for Water Innovation, (2018- present)

HONORS AND AWARDS

- Outstanding Reviewer, Environmental Science: Water Research & Technology (2018)
- Awardee, James J. Morgan Environmental Science & Technology Early Career Award Lectureship (2017)
- Co-Organizer and Participant, German American Frontierse of Engineering Symposium (2017)
- Participant, Arab-American Frontiers of Science, Engineering, and Medicine (2017)

- Recipient, Dean of Engineering Early Career Fellow (2017)
- Participant and Speaker, US-EU Frontiers of Engineering Symposium (2016)
- Recipient, NSF CAREER Award, Environmental Engineering (2016)
- Recipient, ASCE ExCEEd Teaching Fellowship Award (2016)
- Recipient, George Tallman Ladd Research Award (2016)
- Recipient, North American Membrane Society (NAMS) Young Membrane Scientist Award (2015)
- Participant, National Academy of Engineering, Frontiers of Engineering Symposium (2012)
- Recipient, AWWA Academic Achieve Award, 1st Place Doctoral Dissertation (2012)
- Recipient with Honorable Mention, AEESP Outstanding Doctoral Dissertation Award (2012)
- Fellow, NSF Science Engineering and Education for Sustainability (SEES) (2011-2012)
- Recipient, AWWA Abel Wolman Fellowship (2009-2011)
- Recipient, NSF Graduate Research Fellowship (2006-2009)
- Recipient, US EPA GRO Fellowship (2004-2006)

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Editorial Advisory Board, Environmental Science & Technology Letters (2020 - present)
- Editorial Advisory Board, ACS Sustainable Chemistry and Engineering (2018 - present)
- Co-Chair, North American Membrane Society Annual Meeting (2017 - 2019)
- Advisory Board Member, Advanced Sustainable Systems (2016 - present)
- Editor, Sustainable Production and Consumption (2016 - present)
- Early Career Advisory Board Member, ACS Sustainable Chemistry and Engineering (2016 - 2018)

PROFESSIONAL EDUCATION

- PhD, Yale University , Chemical and Environmental Engineering (2011)
- MS and M. Phil, Yale University , Chemical and Environmental Engineering (2007)
- MEE, Rice University , Environmental Engineering (2006)
- BS, Rice University , Civil & Environmental Engineering (2006)
- BA, Rice University , History (2006)

Teaching

COURSES

2019-20

- Desalination for a Circular Water Economy: CEE 273M (Spr)
- Environmental Policy Analysis: CEE 275D (Aut, Sum)

STANFORD ADVISEES

Postdoctoral Faculty Sponsor

Anjali Mulchandani, Marta Zaniolo, Shiqiang (Nick) Zou

Doctoral Dissertation Advisor (AC)

Yang Liu

Master's Program Advisor

Susan Chen Chen, Alison Fritz, Nicole Matis
