Bio

BIO

Dr. Rasouli is a board-certified anesthesiologist specializing in pain management. He practices at Stanford Health Care – ValleyCare in Pleasanton. He is also a clinical assistant professor in the Stanford University School of Medicine Department of Anesthesiology, Perioperative & Pain Medicine.

Dr. Rasouli takes pride in developing a comprehensive, compassionate treatment plan personalized to each patient in his care. His goals are to relieve patients' chronic pain, and enable them to enjoy the best possible quality of life. In addition to his clinical practice, Dr. Rasouli has conducted research and published extensively. He was a postdoctoral research fellow at the Rothman Institute of Orthopaedics at Thomas Jefferson University in Philadelphia.

Dr. Rasouli has presented the findings of his research at conferences such as the North American Neuromodulation Society Annual Meeting, American Society of Regional Anesthesia and Pain Medicine Meeting, American Society of Anesthesiology Annual Meeting, International Anesthesia Research Society Annual Meeting, and Society of Critical Care Anesthesiologists Annual Meeting. Topics have included using spinal cord and peripheral nerve stimulation for treatment of pain, perioperative pain management, and post-surgical recovery.

He has published more than 100 articles in the peer-reviewed journals Anesthesiology, Anesthesia and Analgesia, Neurosurgery, Lancet, JAMA, Annals of Surgery, and elsewhere. He also has co-authored chapters in Spine Trauma, Epidemiology of Spinal Cord Injuries, Pain Management Following Total Hip Arthroplasty and Total Knee Arthroplasty, and Epidemiology, Diagnosis and Treatment of Sciatica, and other textbooks.

Dr. Rasouli has earned numerous honors including the Dr. Jeffrey and Celia Joseph Anesthesiology Scholarly Achievement Award. He is a member of the American Society of Anesthesiologists, California Society of Anesthesiologists, American Society of Regional Anesthesia and Pain Medicine, North American Neuromodulation Society, American Society of Pain and Neuroscience, and Society of Critical Care Medicine.
