

Albert Zhang

Undergraduate, Symbolic Systems

Bio

BIO

Hello, I'm from Atlanta and a member of the class of 2023. I attended The Westminster Schools in Atlanta and The Hotchkiss School, a boarding school in rural Connecticut. I'm interested in Product Design, Symbolic Systems, Psychology, and Economics. As a long-time avid visual artist, I love the design process, from brainstorming to visualizing to critiquing. I hope to combine my interest in design with technology and entrepreneurship to make new inventions to solve problems. In addition, I'm interested in behavioral economics and how consumers react.
