

Lironn Kraler, MD

Clinical Assistant Professor, Neurology & Neurological Sciences

CLINICAL OFFICE (PRIMARY)

- **Stanford Neuroscience Health Center**

213 Quarry Rd

MC 5957 FI 2

Palo Alto, CA 94304

Tel (650) 723-6469 **Fax** (650) 725-0390

Bio

BIO

Dr. Kraler is a board-certified neurologist with subspecialty training in vascular neurology, and a Clinical Assistant Professor at Stanford University School of Medicine. Dr. Kraler is also the Associate Program Director for the Vascular Neurology Fellowship at Stanford.

Before joining the faculty at Stanford, Dr. Kraler attended medical school at Keck School of Medicine at the University of Southern California where she was elected to the Alpha Omega Alpha National Honor Society. She completed her residency training at Stanford Hospital where she served as chief resident, followed by her Vascular Neurology fellowship training at Stanford. She then completed a post-doctoral research fellowship at Stanford University's Clinical Excellence Research Center (CERC) focused on addressing the high cost of care in US Hospitals.

Her research interests include improving access and quality of population health and developing high-value innovations in care delivery that decrease the cost of care while improving the quality to patients. In addition, she has a strong interest in medical education. Dr. Kraler has received recognition for outstanding medical student teaching from the Department of Neurology.

CLINICAL FOCUS

- Vascular Neurology

ACADEMIC APPOINTMENTS

- Clinical Assistant Professor, Neurology & Neurological Sciences

PROFESSIONAL EDUCATION

- Residency: Stanford University Dept of Neurology (2018) CA
- Medical Education: University of Southern California Keck School of Medicine (2014) CA
- Board Certification: Vascular Neurology, American Board of Psychiatry and Neurology (2020)
- Fellowship: Stanford University Vascular Neurology Fellowship (2020) CA
- Board Certification: Neurology, American Board of Psychiatry and Neurology (2018)
- Internship: Santa Clara Valley Medical Center Internal Medicine Residency (2015) CA

Research & Scholarship

CLINICAL TRIALS

- Improving Blood Pressure Control in Stroke Patients by Increasing Access to a Home Blood Pressure Monitor, Recruiting
- Effectiveness of BP Remote Monitoring With Virtual Physician Management in Hypertensive Patients., Not Recruiting
