

Stanford

Paige Livingston, PA-C

Temporary Employee, Medicine - Med/Blood and Marrow Transplantation

Bio

BIO

Paige has an undergraduate degree in Nutrition from Cal Poly, SLO and completed her Master's degree in Physician Assistant Studies at Western University of Health Sciences in Southern California before moving to the bay area in November 2016 to join the Stanford Bone Marrow Transplant & Cancer Cell Therapy team. She believes in providing quality care with compassion, taking time to listen to patients and families and helping them navigate complex medical situations and decisions. She has lead the project for APP involvement in Bone Marrow Harvests and serves on the planning committee for a local APP Oncology conference. Her area of clinical practice is bone marrow transplantation and cancer cell therapy.
