

Lori D Panu

Sr. Program Manager, Clinical Research Operations, Med/Stanford Center for Clinical Research

Bio

BIO

Lori Panu is the Sr. Program Manager for the Cellular Immune Tolerance Research Program with the Stanford Center for Clinical Research (SCCR) at Stanford University. Lori has been working with SCCR since 2019 and has a passion for public health research, specifically in program management of innovative start-up for clinical research operations. Lori's professional goals center around developing the next generation of research professionals, mentoring them in an inclusive and diverse research environment to enhance the experience of clinical research participants, thus encouraging health equity across all populations.

Lori received her BS in Biology from the University of Georgia and her Master of Public Health degree from Louisiana State University.

Lori is also a weightlifting coach and Stanford YogaX Yoga Teacher, focusing on trauma-informed practice and teaching.
