

Stanford

Taiyi Wang

Ph.D. Student in Geophysics, admitted Autumn 2019

Publications

PUBLICATIONS

- **Hindcasting injection-induced aseismic slip and microseismicity at the Cooper Basin Enhanced Geothermal Systems Project.** *Scientific reports*
Wang, T. A., Dunham, E. M.
2022; 12 (1): 19481
- **Could Kilauea's 2020 Post Caldera-Forming Eruption Have Been Anticipated?** *GEOPHYSICAL RESEARCH LETTERS*
Segall, P., Anderson, K., Wang, T. A.
2022; 49 (15)
- **Physics-Based Model Reconciles Caldera Collapse Induced Static and Dynamic Ground Motion: Application to Kilauea 2018** *GEOPHYSICAL RESEARCH LETTERS*
Wang, T. A., Coppess, K. R., Segall, P., Dunham, E. M., Ellsworth, W.
2022; 49 (8)
- **Post-2018 Caldera Collapse Re-Inflation Uniquely Constrains Kilauea's Magmatic System** *JOURNAL OF GEOPHYSICAL RESEARCH-SOLID EARTH*
Wang, T., Zheng, Y., Pulvirenti, F., Segall, P.
2021; 126 (6)
- **Caldera Collapse Geometry Revealed by Near-Field GPS Displacements at Kilauea Volcano in 2018** *GEOPHYSICAL RESEARCH LETTERS*
Segall, P., Anderson, K. R., Pulvirenti, F., Wang, T., Johanson, I.
2020; 47 (15)
