Bio

BIO

Dr. McDonald is a fellowship-trained, board-certified neurologist and clinical assistant professor in the Department of Neurology at Stanford University School of Medicine.

She specializes in the diagnosis and treatment of multiple sclerosis and other demyelinating diseases, including neuromyelitis optica spectrum disorder (NMOSD) and myelin oligodendrocyte glycoprotein antibody disease (MOGAD). Dr. McDonald also provides comprehensive care to general neurology patients.

Dr. McDonald completed her internship and adult neurology residency at the University of Utah. She has a long-standing interest in multiple sclerosis care and went on to complete a two-year clinical MS/neuroimmunology fellowship at Stanford Health Care Multiple Sclerosis Center. Dr. McDonald received the National MS Society's Sylvia Lawry Physician Fellowship, including formalized training in conducting clinical trials. As part of her fellowship, she completed a master's degree in epidemiology and clinical research.

CLINICAL FOCUS

- Neurology

ACADEMIC APPOINTMENTS

- Clinical Assistant Professor, Neurology & Neurological Sciences

PROFESSIONAL EDUCATION

- Board Certification: Neurology, American Board of Psychiatry and Neurology (2020)
- Fellowship, Stanford University , Multiple Sclerosis/Neuroimmunology (2022)
- Neurology Residency, University of Utah , Adult Neurology (2020)
- Internship, University of Utah , Internal Medicine (2017)
- MD, Royal College of Surgeons in Ireland School of Medicine , Graduate Entry Medicine (2016)
- MS, Columbia University , Human Nutrition (2012)
- BS, Cornell University , Human Development (2007)
