Bio

BIO

Dr. Edith Ho joined Stanford University in February of 2020, where she currently holds the position of Clinical Associate Professor of Medicine in the Division of Gastroenterology and Hepatology. She specializes in the diagnosis and treatment of inflammatory bowel disease and also practices general gastroenterology. Previously, she joined faculty at Case Western Reserve School of Medicine as Assistant Professor of Medicine. She served as a gastroenterologist at the Cleveland Veterans Affairs Medical Center, where she was Director of the Inflammatory Bowel Disease Program. She was also the Co-Director of the Fecal Microbiota Transplantation Program, where she was lauded as the pioneer of the first fecal transplant program in the U.S. veterans affairs healthcare system nationwide.

Dr. Ho is a Diplomate of the American Board of Internal Medicine (ABIM) and the American Board of Gastroenterology, a Fellow of the American College of Gastroenterology (FACG), and a Fellow of the American Gastroenterological Association (AGAF). She serves on the Educational Affairs Committee of ACG where she chairs several abstract committees, directs regional post-graduate courses, and develops CME content for the American Journal of Gastroenterology. She also serves on the AGA Institute Clinical Guidelines Committee as a panel member and guideline author.

CLINICAL FOCUS

- Gastroenterology
- Inflammatory Bowel Disease
- Ulcerative colitis
- Crohn's Disease
- Pouchitis

ACADEMIC APPOINTMENTS

- Clinical Associate Professor, Medicine - Gastroenterology & Hepatology

ADMINISTRATIVE APPOINTMENTS

- Clinical Associate Professor of Medicine, Stanford University, (2020- present)

HONORS AND AWARDS

- Undergraduate Research Grant, Stanford University
- International Health Research Scholarship, University of Toronto, Canada
- Gordeon Cressy Award for Outstanding Leadership, University of Toronto, Canada
- Ontario Medical Association Leadership Award, Medical Association in the Province of Ontario, Canada
- Franklin G. Ebaugh Jr. Resident Research Award, Stanford University Hospital and Clinics
- Honorary Clinical Associate, University of Hong Kong, Department of Gastroenterology and Hepatology
- Research Travel Grant, Asian-Pacific Association for the Study of the Liver (APASL)
- Travel Grant, American Association of Study of Liver Disease (AASLD)
- Research Initiative Program Grant, U.S. Veterans Integrated Service Network (VISN 10)
- Outstanding Poster Presentation Award, American College of Gastroenterology Annual Scientific Meeting

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Resident Advisor, New England Journal of Medicine (NEJM) (2008 - 2008)
- Member, American College of Gastroenterology (ACG) (2011 - 2017)
- Member, American Gastroenterological Association (AGA) (2011 - 2021)
- Fellow and Physician Advisor, Doximity (2013 - 2018)
- Faculty Member, Faculty of 1000 Prime Peer Review (2017 - 2020)
- Fellow, American College of Gastroenterology (FACG) (2017 - present)
- Faculty Member, Faculty Opinions (2020 - present)
- Fellow, American Gastroenterological Association (AGAF) (2021 - present)

PROFESSIONAL EDUCATION

- Board Certification: Gastroenterology, American Board of Internal Medicine (2013)
- Fellowship: UCSF Gastroenterology Fellowship (2013) CA
- Board Certification: Internal Medicine, American Board of Internal Medicine (2010)
- Residency: Stanford University Internal Medicine Residency (2010) CA
- Internship: Stanford University Internal Medicine Residency (2008) CA
- Medical Education: University of Toronto MD Program (2007) Canada

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

Dr. Ho plays an active role in the American College of Gastroenterology (ACG) Educational Affairs committee, where she chairs several abstract committees, directs regional post-graduate courses, regularly reviews physician course content, and develops CME content for the American Journal of Gastroenterology. She also serves as a guideline author for the American Gastroenterological Association on endoscopic therapies for weight loss and the medical management of luminal and perianal Crohn's disease. These guidelines shed new knowledge and set new standards of care for clinical practice here and abroad.

Dr. Ho's research interests include investigating screening practices prior to initiating immunosuppressive therapy, and non-traditional therapies for inflammatory bowel disease.
