

Stanford

Ruoxi Pi

Postdoctoral Scholar, Infectious Diseases

Bio

BIO

I received my BS in Biological Sciences in Zhejiang University in China, where I conducted research in polyphasic taxonomy in anaerobic bacteria. I received my PhD in Yale University, where I studied the early events of retrovirus infection in animal models. Now in the Blish lab, I am investigating NK cell responses during HIV-1 infection and trying to manipulate the NK cells to target latently infected cells.

HONORS AND AWARDS

- Best Poster Prize Annual Microbiology Retreat, Department of Microbial Pathogenesis, Yale University (September, 2017)
- CSC-Yale World Scholars Programs Fellowship, CSC (2013-2015)

STANFORD ADVISORS

- Catherine Blish, Postdoctoral Faculty Sponsor
- Catherine Blish, Postdoctoral Research Mentor

Research & Scholarship

LAB AFFILIATIONS

- Catherine Blish (2/17/2020)
