Bio

BIO

I am a Clinical Associate Professor at Stanford University School of Medicine an attending physician in the Cardiovascular Intensive Care Unit at LPCH Stanford where I care for children with critical congenital and acquired cardiac disease. I have a passion for educating and training nurses, students, and residents/fellows, especially with advanced educational programs in virtual reality. I am the lead medical advisor at Lighthouse, Inc. and co-created The Stanford Virtual Heart, a congenital heart disease virtual reality educational experience, and I'm now collaborating with Stanford's engineers and educators to develop the next generation of VR/AR based cardiovascular educational and clinical tools.

CLINICAL FOCUS

- Pediatric Cardiology
- Pediatric Cardiac Intensive Care
- Virtual Reality

ACADEMIC APPOINTMENTS

- Clinical Associate Professor, Pediatrics - Cardiology

HONORS AND AWARDS

- Stanford "Stole of Gratitude" for faculty member most influential, Stanford Pediatric Cardiology fellows' training (2015)
- Clinical Award of Excellence: Junior Faculty, Lucile Packard Children's Hospital, Stanford Department of Pediatrics (2015)

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Executive Board Member, Barth Syndrome Foundation (2011 - present)

PROFESSIONAL EDUCATION

- Board Certification: Pediatric Critical Care Medicine, American Board of Pediatrics (2012)
- Residency: Univ of California San Francisco (2005) CA

- Internship: Univ of California San Francisco (2003) CA
- Fellowship: Lucile Packard Children's Hospital (2009) CA
- Fellowship: Lucile Packard Children's Hospital (2011) CA
- Board Certification: Pediatric Cardiology, American Board of Pediatrics (2010)
- Medical Education: Ohio State University (2002) OH

COMMUNITY AND INTERNATIONAL WORK

- Standing Rock North Dakota Medic Healers Council, Standing Rock, ND

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

Virtual Reality Congenital Heart Disease experience: The Stanford Virtual Heart. Currently engaged with 19 academic medical centers across the globe using our Stanford Virtual Heart to educate students and trainees, and research our VR experience as a means for training and education. Also developing next generation modeling and image interaction with Stanford engineers and educators, to promote personalized surgical training in VR and advanced educational programs in congenital heart disease.

CLINICAL TRIALS

- Aminophylline to Prevent Acute Kidney Injury in Children After Cardiac Surgery, Not Recruiting
- Heparin and the Reduction of Thrombosis (HART) Trial, Not Recruiting

PROJECTS

- The Stanford Virtual Heart - Stanford/Lighthouse Inc.

Teaching

GRADUATE AND FELLOWSHIP PROGRAM AFFILIATIONS

- Bioengineering (Phd Program)
- Cardiothoracic Surgery (Fellowship Program)
- Cardiovascular Medicine (Fellowship Program)
- Pediatric Cardiology (Fellowship Program)
- Pediatric Critical Care Medicine (Fellowship Program)

PRESENTATIONS

- Pediatric Cardiac Emergencies - Pediatric Grand Rounds, Kaiser Permanente Medical Center (2015)
- Cardiac Critical Care: Single Ventricle Norwood Management - 8th World Congress on Pediatric Intensive and Critical Care (2016)
- Caring for the Resistance: Experiences at Standing Rock, North Dakota - Pediatric Grand Rounds, University of California San Francisco, Benioff Children's Hospital Department of Pediatrics (2017)
- The Stanford Virtual Heart: Educating Medical Professionals in the 21st Century - CeBIT (International European Technology Conference) (2017)
- The Stanford Virtual Heart, Educating Medical Professionals in the 21st Century - Stanford MedX: Workshop (2017)
- Pediatric Cardiology, a career with science, technology, and taking care of kids - Johns Hopkins Center for Talented Youth Science (2017)
- The Stanford Virtual Heart: Educating Medical Professionals in the 21st Century - Stanford Big Data in Biomedicine Conference (2017)
- Caring for the Resistance: Experiences at Standing Rock, North Dakota - Pediatric Grand Rounds, Zuckerberg San Francisco General Hospital Department of Pediatrics (2017)
- The Stanford Virtual Heart: Educating Medical Professionals in the 21st Century - Pediatric Academic Society Meeting (2017)
- Caring for the Resistance: Experiences at Standing Rock, North Dakota - Department of Pediatrics, Lucile Packard Children's Hospital Stanford (2017)
- Hands-on Demo: The Stanford Virtual Heart - Western Society of Pediatric Cardiology Conference (2017)
- The Stanford Virtual Heart: Educating Medical Professionals in the 21st Century - W2O Group (Healthcare Consulting) (2017)
- The Stanford Virtual Heart: Educating Medical Professionals in the 21st Century (2017)
- Improving Healthcare Education Through Virtual Reality - Expert Panelist, Oculus Connect 4 (2017)
- I wish I had that in med school: Virtual Reality Learning in Healthcare and the Sciences - Wearable Tech + Digital Health + Neurotech Silicon Valley (2018)
- Virtual Reality and Surgery (2018)
- Workshop Facilitator: Surgical Training and Virtual Reality, VR in Healthcare Symposium - Harvard Medical School (2018)
- I wish they had that when I was in med school: VR education and the future of healthcare - Harvard Medical School (2018)
- Cost of Pediatric Cardiac Care: Return on investment? - Neoheart (2018)
- VR, Healthcare, and Education (2018)
- The Stanford Virtual Heart - The Stanford Center for Image System Engineering (SCIEN) (2018)
- I wish I had that when I was in med school (2018)
- I wish I had that when I was in med school - University of Nebraska Medical Center (2018)
- Engineering and Computer Science Developments - Stanford (2018)
- I wish I had that when I was in med school - Medical Center of Wisconsin/Herma Heart Institute (2018)
