

# Stanford

---

## Bjorn-Erik Wulff

Postdoctoral Research Fellow, Biochemistry

### Bio

---

#### PROFESSIONAL EDUCATION

- Doctor of Philosophy, Stanford University , BIOC-PHD (2019)
- Bachelor of Arts, University of Pennsylvania , Biochemistry; Biophysics (2011)
- MS, University of Pennsylvania , Chemistry (2011)

#### STANFORD ADVISORS

- Pehr Harbury, Postdoctoral Faculty Sponsor

### Publications

---

#### PUBLICATIONS

- **Modulation of MicroRNA Expression and Function by ADARs** *ADENOSINE DEAMINASES ACTING ON RNA (ADARS) AND A-TO-I EDITING*  
Wulff, B., Nishikura, K.  
2012; 353: 91-109
- **Elucidating the inosinome: global approaches to adenosine-to-inosine RNA editing** *NATURE REVIEWS GENETICS*  
Wulff, B., Sakurai, M., Nishikura, K.  
2011; 12 (2): 81-85
- **Editing of Epstein-Barr virus-encoded BART6 microRNAs controls their dicer targeting and consequently affects viral latency.** *journal of biological chemistry*  
Iizasa, H., Wulff, B., Alla, N. R., Maragkakis, M., Megraw, M., Hatzi Georgiou, A., Iwakiri, D., Takada, K., Wiedmer, A., Showe, L., Lieberman, P., Nishikura, K.  
2010; 285 (43): 33358-33370
- **Substitutional A-to-I RNA editing** *WILEY INTERDISCIPLINARY REVIEWS-RNA*  
Wulff, B., Nishikura, K.  
2010; 1 (1): 90-101
