

Stanford

Minxing Li

Senior Licensing and Strategic Alliance Manager, Life Sciences, Office of Technology Licensing (OTL)

Bio

BIO

Minxing is a Licensing and Strategic Alliances Manager at Stanford OTL with a focus on life sciences technologies. Since she joined Stanford in 2020, she has been involved in protecting, marketing and licensing of Stanford's intellectual property. She is currently responsible for managing Stanford's alliances with the Parker Institute for Cancer Immunotherapy (PICI), where she works closely with investigators who are part of the PICI network and manages IP and licensing matters under the PICI relationship.

Prior to Stanford, Minxing worked as a consultant at IQVIA, Inc.
