

Stanford

Israel Agundis

Undergraduate, Vice Provost for Undergraduate Education

Bio

BIO

Hey there, I was born and raised in Dalton, GA for 19 years, until I transferred from Dalton State Community College to Stanford University for the 2020/2021 school year. If I were to summarize myself, I would say that I am a proud Mexican American who is in the pursuit of that fabled American Dream I grew up hearing about. I am determined to change the trajectory of my family tree and will be forever grateful of having had the opportunity to attend Stanford University.
