Bio

BIO

Dr. Dawes is a board-certified, fellowship-trained colon and rectal surgeon. He is also an Assistant Professor in the Department of Surgery, Division of General Surgery at Stanford University School of Medicine.

Dr. Dawes treats a wide variety of conditions involving the colon, rectum, and anus, always leveraging the latest evidence and technologies. He is fully trained in minimally invasive surgical techniques--including laparoscopic, robotic, and trans-anal minimally invasive surgery--and strives to employ them, whenever possible, in an effort to reduce pain and shorten recovery.

In addition to his clinical work, Dr. Dawes is a health services researcher, receiving his Ph.D. in Health Policy and Management from the UCLA Fielding School of Public Health. His research focuses on policy development, measurement, and evaluation for patients with colorectal conditions. He is particularly interested in using data to drive policy interventions aimed at reducing disparities in quality, access, and value.

Prior to joining Stanford, Dr. Dawes completed a residency in General Surgery at the University of California, Los Angeles followed by a fellowship in Colon and Rectal Surgery at the University of Minnesota. He has authored articles in the Journal of the American Medical Association (JAMA), Cancer, Diseases of the Colon and Rectum, Health Services Research, and JAMA Surgery. His work has also been featured in the Los Angeles Times, the Daily Press, and HealthDay News.

A native of the San Francisco Bay Area, Dr. Dawes received his A.B. in Public and International Affairs from Princeton University and his M.D. from Vanderbilt University.

CLINICAL FOCUS

- Colon and Rectal Surgery Specialty
- Colon Cancer

- Rectal Cancer
- Inflammatory Bowel Diseases
- General Surgery

ACADEMIC APPOINTMENTS

- Assistant Professor-Univ Med Line, Surgery - General Surgery
- Member, Stanford Cancer Institute

ADMINISTRATIVE APPOINTMENTS

- Robotic Surgery Committee, Stanford Health Care, (2020- present)
- Surgical Director, Stanford Medicine IBD-OMICs (Improving IBD Care through Multidisciplinary Care) Program, (2023- present)
- Director of Robotic Education, General Surgery Residency Program, (2024- present)

HONORS AND AWARDS

- Chief Resident Teaching Award, Department of Surgery, Stanford University School of Medicine (2024)
- Outstanding Community-Engaged Faculty Award, 22nd Annual Community Health Symposium at Stanford University (2024)
- Howard A. Reber Golden Scalpel Award for Most Outstanding Performance as Chief Resident, University of California, Los Angeles (2019)
- Dr. Ursula Mandel Scholarship, University of California, Los Angeles (2015)
- Graduate Research Mentorship Award, University of California, Los Angeles (2015)
- Specialty Training and Advanced Research Award, University of California, Los Angeles (2014)
- Housestaff Quality Improvement Scholarship, University of California, Los Angeles (2013)
- Alpha Omega Alpha Medical Honors Society, Vanderbilt University (2011)
- School of Medicine Award of Distinction, Vanderbilt University (2011)
- Junior Commissioned Officer Student Training and Extern Program, U.S. Public Health Service Commissioned Corps/Indian Health Service (2008)

BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Reviewer's Guild, Diseases of the Colon & Rectum (2019 - 2020)
- Fellow, American Society of Colon and Rectal Surgeons (2018 - present)
- Member, AcademyHealth (2014 - present)
- Member, Surgical Outcomes Club (2013 - present)
- Fellow, American College of Surgeons (2010 - present)

PROFESSIONAL EDUCATION

- Board Certification: Colon and Rectal Surgery, American Board of Colon and Rectal Surgery (2021)
- Fellowship, University of Minnesota , Colon & Rectal Surgery (2020)
- Board Certification: General Surgery, American Board of Surgery (2019)
- Residency, University of California, Los Angeles , General Surgery (2019)
- PhD, Fielding UCLA School of Public Health , Health Policy and Management (2016)
- Internship, University of California, Los Angeles , General Surgery (2012)
- MD, Vanderbilt University School of Medicine , Medicine (2011)
- AB, Princeton University , Public and International Affairs (2006)

Research & Scholarship

CLINICAL TRIALS

- Advocacy, Partnership, Outreach, and Yielding Optimized Care for Oncology Patients, Recruiting
- MeSenteric SpAring Versus High Ligation Ileocolic Resection for the Prevention of REcurrent Crohn's DiseaSe (SPARES), Recruiting

Teaching
