BIO

Dr. Das specializes in the treatment of thoracic malignancies. She sees and treats patients both at the Stanford Cancer Center and at the Palo Alto VA Hospital. She is Chief of Oncology at the Palo Alto VA and is an active member of the VA national Lung Cancer Working Group and Lung Cancer Precision Oncology Program. In 2023, she was elected President the Association of Northern California Oncologists (ANCO), where she displays her passion for patient advocacy and also for clinician education by helping to organize Bay Area focused continuing medical education programs. She is the VA site director for the Stanford fellowship program and leads the VA thoracic tumor board on a biweekly basis. She has a strong interest in clinical research, serving as a principal investigator for multiple clinical and translational studies at the Palo Alto VA, and also as a co-investigator on all of the lung cancer trials at Stanford. In her free time, she enjoys spending time with her family, traveling, and running.
