

Stanford

Peter William Earl Kane

Director, Research to the People, Genetics

Bio

BIO

Peter is the Director of Research to the People @ Stanford (<https://www.researchtothepeople.org>).

We're building a medical structure for patients who have exhausted their clinical options. Our program runs genomic data-driven hackathons to solve diagnostic mysteries, find out-of-the-box treatment options, and advance research all at once.

Research to the People joined Dr. Michael Snyder's Lab in July 2021.

EDUCATION AND CERTIFICATIONS

- BA, University of Minnesota , Chinese Language and Literature (2011)

PERSONAL INTERESTS

Cycling. I ride my bike quite a bit.
