Bio

BIO

Brian T. Bateman, MD, MSc is the Stanford Medicine Professor of Anesthesiology, Perioperative and Pain Medicine and Chair of the Department of Anesthesiology, Perioperative, and Pain Medicine.

Before coming to Stanford, Dr. Bateman served as the Vice Chair for Faculty Development and Chief of the Division of Obstetric Anesthesia in the Department of Anesthesiology, Perioperative and Pain Medicine at the Brigham and Women's Hospital/Harvard Medical School and as Co-Director of the Harvard Program on Perinatal and Pediatric Pharmacoepidemiology in the Division of Pharmacoepidemiology and Pharmacoeconomics, Department of Medicine, Brigham and Women's Hospital.

Dr. Bateman's scholarship focuses on the study of medication safety in pregnancy and on predictors and management of maternal morbidity. To address questions in these areas, Dr. Bateman and collaborators at Harvard helped pioneer the use of advanced epidemiological techniques applied to large, routinely collected healthcare utilization data. This research has been funded by multiple R01 grants from the NIH and by grants from the FDA and has been published in leading clinical journals including JAMA, NEJM, BMJ, Lancet, Annals of Internal Medicine, JAMA Pediatrics, JAMA Psychiatry, and Obstetrics and Gynecology. Dr. Bateman's bibliography contains over 200 publications. This research is frequently cited in clinical reviews and guidelines and has prompted both the FDA and EMA to make labelling changes to medications regarding use in pregnancy. Dr. Bateman is also a founding member of the International Pregnancy Safety Study Consortium (InPress) which is a collaborative effort between investigators from the US and each of the five Nordic countries to pool data for studies evaluating the safety of medications.

Dr. Bateman currently serves as Chairperson of FDA's Anesthetic and Analgesic Drug Products Advisory Committee after having previously served a 4-year term (2015-2019) as a voting member of this Committee. He was a technical advisor for the recent revision of the Joint Commission's pain management standards. He has served on expert panels and workshops sponsored by the National Academy of Medicine, the FDA, the NIH, the CDC, and the Department of Health and Human Services, and on multiple grant review committees for the NIH and other funders. He is an Editor for the journal, Anesthesiology, and the textbook, Chestnut's Obstetric Anesthesia: Principles and Practice.

Dr. Bateman's work has been recognized by a number of awards including his selection in 2017 by the Society for Obstetric Anesthesia and Perinatology as the Gerard Ostheimer lecturer and in 2018 by the American Society of Anesthesiologists as the James E. Cottrell Presidential Scholar Awardee, which is given to one clinical-scientist each year within 10 years of initial faculty appointment for accomplishment in research.

Faculty development and mentorship has been a central focus of Dr. Bateman's career. He has mentored numerous trainees who have gone on to outstanding academic careers. As Division Chief and Vice Chair for Faculty Development at the Brigham, he worked particularly hard to advance the careers of women and underrepresented minorities in the Department and to create an environment where everyone is welcomed and has an opportunity to advance.

Dr. Bateman is a Phi Beta Kappa graduate Yale College and received his MD from Columbia University College of Physicians & Surgeons, where he was a member of Alpha Omega Alpha and was awarded the Janeway Prize for the highest achievements and abilities in the graduating class. He completed an internship in internal medicine at Brigham and Women's Hospital and residency and chief residency in anesthesiology at the Massachusetts General Hospital. He completed a Masters in Epidemiology at the Harvard School of Public Health.

CLINICAL FOCUS

- Anesthesia

ACADEMIC APPOINTMENTS

- Professor, Anesthesiology, Perioperative and Pain Medicine
- Professor (By courtesy), Epidemiology and Population Health

PROFESSIONAL EDUCATION

- Board Certification: Anesthesia, American Board of Anesthesiology (2011)
- Residency: Massachusetts General Hospital Anesthesiology Residency (2010) MA
- Internship: Brigham and Women's Hospital Internal Medicine Residency (2007) MA
- Medical Education: Columbia University Office of the Registrar (2006) NY
