Joseph Alan McCoy

- Undergraduate, Bioengineering
- Stanford Student Employee, Undergrad Housing Front Desks

Bio

BIO

Born and raised in Central IL. I enjoy soccer, tennis, and cross-country and I can always have a good time playing board games or video games. I may be shy at first, but it doesn't take me long to break out of my shell. Now, I am an aspiring surgeon, pursuing that path as a Cardinal, Class of 2025. I yearn to learn, to enhance myself as a person and the knowledge that I hold, helping whoever I can along the way.
