

Tine Bjornlund

CRU Senior Operations Manager, Med/Stanford Center for Clinical Research

Bio

BIO

Tine is an operational lead with the Stanford Center for Clinical Research (SCCR) at Stanford University. Tine has been working with SCCR since 2015 and has a passion for clinical research with human subjects and quality data collection. Tine's interests include ensuring wide access to data and creating solid budgets for clinical trials.

CURRENT ROLE AT STANFORD

Tine is currently ensuring the roll out of CRUs (Clinical Research Units) in the Department of Medicine.
