

Stanford

Anzhi Chen

Postdoctoral Scholar, Stem Cell Transplantation

Bio

HONORS AND AWARDS

- AWRP Winter 2017 Predoctoral Fellowship, American Heart Association (07/2017)

PROFESSIONAL EDUCATION

- PhD, Duke University , Cell Biology (2020)
- BS, Tsinghua University , Pharmacology and Pharmaceutical Sciences (2015)

STANFORD ADVISORS

- Agnieszka Czechowicz, Postdoctoral Faculty Sponsor

Research & Scholarship

LAB AFFILIATIONS

- Agnieszka Czechowicz, Czechowicz lab (7/4/2021)

Publications

PUBLICATIONS

- **Regulation of zebrafish fin regeneration by vitamin D signaling** *DEVELOPMENTAL DYNAMICS*
Chen, A., Han, Y., Poss, K. D.
2020
- **Vitamin D Stimulates Cardiomyocyte Proliferation and Controls Organ Size and Regeneration in Zebrafish** *DEVELOPMENTAL CELL*
Han, Y., Chen, A., Umansky, K., Onk, K. A., Choi, W., Dickson, A. L., Ou, J., Cigliola, V., Yifa, O., Cao, J., Tornini, V. A., Cox, B. D., Tzahor, et al
2019; 48 (6): 853-+
- **Lamellar projections in the endolymphatic sac act as a relief valve to regulate inner ear pressure** *ELIFE*
