Bio

BIO

Michelle Gimenez, MA, is a Social Science Researcher for the Department of Emergency Medicine at Stanford's School of Medicine. Her multidisciplinary research experience includes centering intersectionality qualitative research practices in the subject matters of public health, intimate partner violence, and mental health help-seeking. Her current research focus on community-based participatory research, raising awareness of intimate partner violence within under-resourced communities, and investing the ways to increase mental health service use and connection amongst the Latinx community.
