Bio

BIO

Dr. Cynthia Tsai, MD, is a board certified internal medicine physician who practices at Stanford Primary Care in Los Altos. She also serves as a Clinical Assistant Professor in the Department of Medicine at Stanford within the Division of Primary Care and Population Health. She completed medical school at the University of California, San Francisco, School of Medicine, and she completed residency training in internal medicine and primary care in the UCSF Primary Care/General Internal Medicine (UCPC-GIM) track of the Internal Medicine residency program. A Bay Area native, she is eager to provide primary care for a complex patient panel here in the Bay Area. Her clinical interests include preventative healthcare, the care of older adults, addiction medicine, and behavioral medicine. She grew up in a bicultural and bilingual home and is fluent in Mandarin Chinese, and she provides language concordant care to Mandarin speaking patients. Outside of patient care, she has interests in ambulatory medical education and the cultivation of early trainee interest in primary care. She also has strong interest in the medical humanities and narrative medicine, and has published personal perspective pieces in publications such as JAMA and the San Francisco Chronicle.
