

Stanford

Ronaldo da Silva Francisco Jr

Postdoctoral Scholar, Pathology

Bio

BIO

I am a geneticist focused on the application of computational and statistical methods to study genetic mechanisms of disease. My research interests include (i) genomic and precision medicine; (ii) detection and analysis of genetic variants using NGS data (WGS, WES, RNA-Seq); and (iii) transcriptome and allele-specific expression.

PROFESSIONAL EDUCATION

- Master of Science, Unlisted School (2019)
- Doctor of Philosophy, Universidade Federal Rio De Janeiro (2022)
- Bachelor of Science, Unlisted School (2017)
- PhD, Federal University of Rio de Janeiro , Genetics (2022)
- MSc, National Laboratory of Scientific Computing , Computational Modeling (2019)
- BSc, State University of Northern Rio de Janeiro , Biological Sciences (2017)

STANFORD ADVISORS

- Vivek Charu, Postdoctoral Faculty Sponsor
