## Minjune Hwang

Masters Student in Computer Science, admitted Autumn 2021

 Resume available Online

### Bio

---

#### BIO

Minjune Hwang is a master's student in Computer Science at Stanford University. He is interested in developing and applying machine learning and control theory algorithms into real-world problems, especially for autonomous robots and vehicles. His main research interest is trajectory optimization and reinforcement learning for autonomous systems.

#### EDUCATION AND CERTIFICATIONS

- M.S., Stanford University , Computer Science (2023)
- B.A., UC Berkeley , Computer Science & Statistics (2021)
