CLINICAL OFFICE (PRIMARY) • Pulmonary Clinic 300 Pasteur Dr A165 Stanford, CA 94305 Tel (650) 725-7061 Fax (650) 498-6288

Bio

BIO

Dr. Williams is a fellowship-trained pulmonologist specializing in pulmonary critical care medicine. She has board certification in pulmonary medicine, critical care medicine, and internal medicine.

She is a clinical assistant professor in the Department of Medicine, Division of Pulmonary, Allergy & Critical Care Medicine at Stanford University School of Medicine.

For each patient, Dr. Williams develops a comprehensive and compassionate care plan. Her goal is to help every individual achieve the best possible lung health and quality of life.

Patient reviews praise the quality of the care she delivers, her thoroughness, and her patient skills.

Dr. Williams has participated in clinical research studies. She has published articles on autoimmune disease involving interstitial lung disease, COPD, and lifethreatening pulmonary complications associated with leukemia. She also co-authored an article on the development of guidelines for identifying and managing posttraumatic stress disorder symptoms associated with critical illness.

Her work has appeared in peer-reviewed journals including the American Journal of Respiratory and Critical Care Medicine, Internal Medicine, and elsewhere. She also has written chapters in books on critical care medicine and clinical decision-making.

Dr. Williams speaks English and both written and oral medical Spanish. In her free time, she enjoys soccer and distance running.
