

Stanford

Tony Zahtila

Postdoctoral Scholar, Mechanical Engineering

Bio

BIO

I am a Postdoctoral Fellow at the Center for Turbulence Research.

I received my PhD in Australia from the University of Melbourne in 2023.

My PhD research focused on the physics and computing strategies of multiphase flows. More recently, my interests are in multi-fidelity simulation ensembles and uncertainty quantification.

HONORS AND AWARDS

- FEIT Community Award 2023 for Graduate Research Student of the Year, University of Melbourne (08/03/2023)

STANFORD ADVISORS

- Gianluca Iaccarino, Postdoctoral Research Mentor
- Parviz Moin, Postdoctoral Faculty Sponsor
