

Stanford

Shaun Quah

Postdoctoral Scholar, Psychiatry

Bio

BIO

The current literature of neuroscience is lacking a unifying model of brain function. My goal is to use novel computational methods to improve our understanding of how different cognitive and emotional functions are hierarchically organized in the brain.

INSTITUTE AFFILIATIONS

- Member, Maternal & Child Health Research Institute (MCHRI)

PROFESSIONAL EDUCATION

- Doctor of Philosophy, University of Cambridge (2021)
- Bachelor of Science, University Of Sussex (2014)
- Ph.D, University of Cambridge , Physiology, Development and Neuroscience (2021)
- BSc. (hons), University of Sussex , Neuroscience with Cognitive Science (2014)

STANFORD ADVISORS

- Manish Sagar, Postdoctoral Faculty Sponsor
