Bio

BIO

Dr. Teodor Grantcharov is a Professor of Surgery at Stanford University School of Medicine and associate chief quality officer for innovation and safety at Stanford Health Care. He is s fellowship-trained surgeon specializing in minimally invasive and bariatric surgery.

Dr. Grantcharov is an accomplished researcher and an internationally recognized leader in the field of surgical innovation and patient safety. He invented the Surgical Black Box concept to advance quality and safety in surgery.

Previously, he was Professor of Surgery at the University of Toronto, Keenan Chair in Surgery at St. Michael's Hospital, and Canada Research Chair in Simulation and Surgical Safety. His honors include the Queen Elizabeth II Diamond Jubilee Medal, the Spinoza Chair in Surgery at the University of Amsterdam, and honorary fellowships from Imperial College London and several international surgical societies. He founded the International Centre for Surgical Safety and has published more than 250 peer-reviewed papers.

Dr. Grantcharov is a fellow of the American College of Surgeons.

CLINICAL FOCUS

- General Surgery

ACADEMIC APPOINTMENTS

- Professor-Univ Med Line, Surgery - General Surgery

PROFESSIONAL EDUCATION

- Fellowship: Temple University Hospital Dept of Surgery (2006) PA
- Residency: Copenhagen University Rigshospitalet (2005) Denmark
- Internship: Copenhagen University Rigshospitalet (1997) Denmark

- Medical Education: Medical University of Plovdiv (1996) Bulgaria

Research & Scholarship

CLINICAL TRIALS

- Stanford Program to Accelerate Robotic Children's Surgery, Not Specified

Publications

PUBLICATIONS

- **Optimizing video review for general surgery residents: a prospective observational study.** *Surgical endoscopy*
