Ganesh Rajasekar

Biostatistician 2, Stanford-Surgery Policy Improvement Research and Education Center

Bio

BIO

Ganesh Rajasekar, MPH is a Biostatistician in the S-SPIRE Center. He received his graduate degree in Epidemiology from Emory University in 2018. Since then, he has been involved in the development of grant-funded manuscripts, abstracts, and presentations. His past experience includes statistical collaboration in the Knight's Alzheimer Disease Research Center (ADRC) in the Washington University School of Medicine in St. Louis and the UC Davis Health Department of Surgery.

He currently serves as a biostatistician to Dr. Arden Morris and Dr. Aaron Dawes for their research projects. His research interests lie within health services and outcomes research, with an emphasis on utilizing administrative databases to investigate health disparities in underserved populations.
