

## Margaret S. Ferris, MD

Clinical Assistant Professor, Neurology & Neurological Sciences

### CLINICAL OFFICE (PRIMARY)

- **Stanford Neuroscience Health Center**

213 Quarry Rd

MC 5957 Fl 2

Palo Alto, CA 94304

**Tel** (650) 723-6469

**Fax** (650) 725-0390

### Bio

---

#### BIO

Dr. Ferris is a fellowship-trained neurologist and Clinical Assistant Professor in the Department of Neurology, Division of Movement Disorders.

She diagnoses and treats a breadth of movement disorders such as Parkinson's disease and essential tremor. She recognizes the broad effects of these conditions on daily living and aims to develop personalized, comprehensive treatment plans that optimize health and quality of life.

Dr. Ferris research interests focus on access to interventional therapies for movement disorders. She has participated in investigations sponsored by the National Institutes of Health to evaluate advanced treatments for complications of Parkinson's disease.

She has co-authored articles in publications such as Nature, The Neurohospitalist, and BioMed Central (BMC) Genomics. She has presented her insights about innovations in the understanding, detection, and management of movement disorders at conferences including, the Society for Neuroscience Annual Meeting, Pan American Parkinson's Disease and Movement Disorders Congress.

She is a member of the American Academy of Neurology and the Movement Disorder Society.

#### CLINICAL FOCUS

- Movement Disorders
- Deep Brain Stimulation
- High Intensity Focused Ultrasound Therapy
- Clinical Neurophysiology

#### ACADEMIC APPOINTMENTS

- Clinical Assistant Professor, Neurology & Neurological Sciences
