### Bio

---

#### BIO

Dr. Chu is a board-certified emergency medicine physician. He is a clinical assistant professor in the Department of Emergency Medicine.

He received his applied research fellowship training in healthcare innovation at Harvard Medical School. He completed his residency in emergency medicine at Harvard.

Dr. Chu also earned a Master of Public Health (MPH) degree from Harvard and a Master of Business Administration (MBA) degree from Quantick School of Business and Technology.

He has published in Academic Emergency Medicine Education and Training, the Western Journal of Emergency Medicine, and other peer-reviewed publications. Topics include the use of smartphone applications to help clinicians and trainees manage emergencies at the patient's bedside.

Dr. Chu has created award-winning apps that provide digital reference tools containing clinical protocols, resources, and other content. These tools focus on acute life-threatening illnesses, advanced cardiac life support, and pediatric advanced life support.

He is a member of the American College of Emergency Physicians, American Academy of Emergency Medicine, and Society of Academic Emergency Medicine.
