

Stanford

Dimpi Desai

Clinical Assistant Professor, Medicine - Endocrinology, Gerontology, & Metabolism

Bio

BIO

Dr. Dimpi Desai, MD is a Clinical Assistant Professor at Stanford University. She did her residency in Internal Medicine from Jacobi Medical Center/Albert Einstein College of Medicine in New York and completed her fellowship in Endocrinology at the University of Pennsylvania.

Her main clinical focus includes diabetes and obesity and preventing their long-term complications. She strongly believes in patient education and involving them in the medical decision-making process. In addition to being a clinician, she is committed to and involved in the medical education of trainees at all levels including medical students, residents and fellows. She is double board certified in internal medicine and endocrinology.
