Bio

BIO

Dr. Susy Jeng is Clinical Assistant Professor of Neurology at Lucile Packard Children's Hospital at Stanford University. Dr. Jeng received her B.A. at Harvard College and M.D. at the University of California, San Diego. She completed her pediatrics residency at University of California, San Francisco and is board-certified in pediatrics. After practicing general pediatrics for two years, she returned to UCSF for neurology residency. Upon completion of her residencies, she joined the faculty at Stanford as a general child neurologist with a special interest in medical education. In particular, she enjoys serving as a liaison between pediatrics residents/general pediatricians and the pediatric neurology division.
