Bio

BIO

Dr. Richards is board certified in Orthopedic Surgery and has a Certified Additional Qualification for Hand and Upper Extremity Surgery. For over 15 years he has specialized in the treatment of ligamentous, joint, tendon, nerve and bone injuries of the Hand, Elbow, Wrist and Shoulder.

He has served the Bay Area community as a UCSF Assistant Professor as a volunteer educator at San Francisco General Hospital, by teaching and treating complex trauma at the Alameda County Level One Trauma Center-Highland Hospital, and through various volunteer roles on athletic fields around the Bay.

Dr. Richards obtained his Bachelors Degree in Neurobiology at Cornell University, his Masters of Public Health at the Columbia University, and his Medical Degree at New York Medical College.

He completed his residency in orthopedic surgery at the San Francisco Orthopedic Residency Program. He then returned to Cornell University's Hospital for Special Surgery to complete his fellowship training in hand, upper extremity, and microvascular surgery.

Until joining Stanford in 2023, he had been in private practice in the East Bay since 2006. He has volunteered locally in a variety of organizations and internationally on several continents.
