

Junjie Lu

Ph.D. Student in Epidemiology and Clinical Research, admitted Autumn 2023

Bio

BIO

Junjie Lu holds a Master of Public Health degree from Harvard T.H. Chan School of Public Health, where he specialized in Health and Social Behavior. He also earned his MBBS and MS from Shanghai University of Traditional Chinese Medicine. He worked as an intern doctor at a university hospital for two years. During this time, he led a pilot randomized controlled trial (RCT) to examine the impact of acupuncture on depressive symptoms, showcasing his interest in innovative healthcare approaches.

Junjie's research focuses on the social determinants of minority health, epidemiological methods, and clinical effectiveness. He is dedicated to understanding the disparities affecting minority populations and is committed to using his skills in epidemiological methods to conduct rigorous research. His clinical background enables him to apply research findings to real-world situations.

HONORS AND AWARDS

- Harvard University MPH Scholarship, Harvard University (August 2021 – March 2023)
- National Scholarship, Ministry of Education (June 2017)

EDUCATION AND CERTIFICATIONS

- M.P.H., Harvard University T.H. Chan School of Public Health, Health and Social Behavior (2023)
- M.S., Shanghai University of Traditional Chinese Medicine, Medical Science (2020)
- M.B.B.S., Shanghai Jiao Tong University & Shanghai University of Traditional Chinese Medicine - Joint Program, Medicine (2018)
