

Stanford

S. Morad Hameed MD MPH

David L. Gregg, MD, Professor
Surgery - General Surgery

CLINICAL OFFICE (PRIMARY)

- **Stanford Dept of General Surgery**

300 Pasteur Dr

MC 5641

Stanford, CA 94305

Tel (650) 736-5800

Fax (650) 723-8378

ACADEMIC CONTACT INFORMATION

- **Alternate Contact**

Catherine Tai - Administrative Associate

Email catherine.tai@stanford.edu

Bio

BIO

Morad Hameed is a trauma surgeon, intensivist, and public health researcher. He completed medical school and surgical residency at the University of Alberta, graduate studies in public health at Harvard University, and fellowships in Trauma Surgery and Surgical Critical Care at the University of Miami. He spent 3 years on the surgical faculty at the University of Calgary, before moving to the University of British Columbia (UBC), where he spent 19 years at the Vancouver General Hospital (VGH), which is the home of province-wide centers of excellence in trauma surgery and critical care.

His clinical interests span innovations in trauma surgery and emergency general surgery (including chest wall trauma, abdominal wall reconstruction, and applications of extracorporeal life support in trauma), process and quality improvement, surgical rescue, value-based healthcare, and surgical systems. He has been a committed surgical educator who served as the director of one of Canada's most dynamic surgical residency programs, and one of its most accomplished trauma and acute care surgery fellowship programs. He has won divisional, departmental, hospital-wide, and province-wide awards for his teaching. His main research interest is in public health aspects of trauma and emergency surgery, including social determinants of health and disparities in access to high quality emergency surgical care, and his research programs have received support from the Michael Smith Foundation and the Canadian Institutes of Health Research.

Dr. Hameed's leadership roles have included terms as the Head of the VGH and UBC Divisions of General Surgery and President of the Canadian Association of General Surgeons. His work with these organizations has prioritized creativity, innovation, inclusive networks, and cross-disciplinary partnerships to rethink and redesign systems of surgical care.

He is excited to arrive at Stanford, where he is blessed to begin to work with another exceptionally talented group of trauma and acute care surgeons and intensivists. At Stanford, Dr. Hameed is inspired to help build surgical services that explore the intersections of surgery with data science, organizational theory, public health, global health, and sustainability, and that contribute to the pursuit of universal access to high quality surgical care and the highest standards of human health in California and around the world.

CLINICAL FOCUS

- General Surgery

ACADEMIC APPOINTMENTS

- Professor - University Medical Line, Surgery - General Surgery

ADMINISTRATIVE APPOINTMENTS

- Professor and Chief, Section of Acute Care Surgery, Stanford University, (2024- present)
- Associate Professor and Head, Division of General Surgery, Vancouver General Hospital + University of British Columbia, (2017-2023)
- Section Chief, Trauma and Acute Care Surgery, University of British Columbia, (2014-2017)
- Program Director, General Surgery Residency Program, University of British Columbia, (2008-2014)
- Program Director, Trauma and Acute Care Surgery Fellowship Program, University of British Columbia, (2005-2008)

HONORS AND AWARDS

- Excellence in Clinical Teaching, General Surgery Residency Program, University of British Columbia (2023)
- Excellence in Clinical Teaching, Critical Care Medicine Fellowship Program, University of British Columbia (2023)
- Richard Finley Senior Scholar Award, Department of Surgery, University of British Columbia (2016)

PROFESSIONAL EDUCATION

- Fellowship: University of Miami / Jackson Memorial Hospital (2001) FL
- Fellowship: University of Miami / Jackson Memorial Hospital (2000) FL
- Board Certification: General Surgery, Royal College of Physicians and Surgeons of Canada (1999)
- Residency: University of Alberta (1999) Canada
- Medical Education: University of Alberta Faculty of Medicine (1993) Canada
- Fellowship, Trauma Surgery, University of Miami, Miami FL
- Fellowship, Surgical Critical Care, University of Miami, Miami FL
- Residency, General Surgery Residency Program, University of Alberta, Edmonton, Canada
- MPH, Harvard T. H. Chan School of Public Health, Boston MA , Quantitative Methods
- MD, University of Alberta, Edmonton, Canada

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

Trauma Surgery

Emergency General Surgery

Critical Care

Public Health

Teaching

GRADUATE AND FELLOWSHIP PROGRAM AFFILIATIONS

- Surgical Critical Care Medicine (Fellowship Program)
