

## Miles Berger

Professor of Anesthesiology, Perioperative and Pain Medicine (MSD)

 NIH Biosketch available Online

### CLINICAL OFFICE (PRIMARY)

- **Anesthesia Department**

300 Pasteur Dr Rm H3580

MC 5640

Stanford, CA 94305

**Tel** (650) 723-6412      **Fax** (650) 725-8544

### Bio

---

#### BIO

I am a neuroanesthesiologist and translational human neuroscientist. Clinically, I care for patients undergoing brain and spine surgery, and have an interest in optimizing anesthesia care (and postoperative cognitive outcomes) for older surgical patients.

My research team studies mechanisms of perioperative neurocognitive disorders (such as delirium) in older adults, the relationship between anesthetic brain sensitivity (as measured by EEG) and preclinical/prodromal age-related changes in brain structure and function, and mechanisms by which the APOE4 allele leads to increased Alzheimer's Disease risk and neurocognitive decline. Together with collaborators, we use a transdisciplinary approach combining molecular/cellular assays (including ELISAs, proteomics, metabolomics, and flow cytometry) on pre- and post-operative CSF and plasma samples from older surgical patients, functional and structural MRI neuroimaging, pre- and intra-operative EEG recordings, genetics (and epigenetics), and pre and postoperative delirium screening and cognitive testing. Overall, our hope is that the combination of these different methods will allow us to obtain insights into the mechanisms of perioperative neurocognitive disorders that could not be obtained by any single method alone.

Our group values diversity and mentorship, and we are happy to talk with prospective undergraduate, graduate or post-doctoral students with an interest in our work.

#### CLINICAL FOCUS

- Anesthesia
- neuroanesthesiology
- geriatric anesthesia
- perioperative neurocognitive disorders
- Anesthetic Care for Patients with Dementia or Cognitive Impairment

#### ACADEMIC APPOINTMENTS

- Professor - University Medical Line, Anesthesiology, Perioperative and Pain Medicine

## ADMINISTRATIVE APPOINTMENTS

- Neuroanesthesiology Section Chief, Stanford Anesthesiology Department, (2024- present)

## HONORS AND AWARDS

- Inducted as a Member of the American Society of Clinical Investigation, (ASCI) (2023)
- Butler-Williams Scholar, National Institute on Aging (2015)
- GEMSTAR Scholar, National Institute on Aging (2015-2017)
- Beeson Scholar, National Institute on Aging (2017- 2023)
- Inducted into the Foundation for Anesthesia Education & Research (FAER) Academy of Research Mentors, FAER ARMA (2023)

## PROFESSIONAL EDUCATION

- Board Certification: Anesthesia, American Board of Anesthesiology (2014)
- Fellowship: Duke University Hospital (2014) NC
- Residency: Duke University Medical Center Anesthesiology Residency (2013) NC
- Medical Education: UCSF School of Medicine SF General Hospital (2009) CA

## Research & Scholarship

---

### RESEARCH INTERESTS

- Assessment, Testing and Measurement
- Brain and Learning Sciences
- Professional Development
- Research Methods

## Publications

---
