- Fellowship: Stanford University Pediatric Anesthesia Fellowship (2013) CA
- PhD Training: Case Western Reserve School of Medicine (2011) OH
- Fellowship: Yale Univ SOM Yale Child Study Center (2012) CT
- Internship: Yale Univ SOM Yale Child Study Center (2011) CT

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

- Employ outcomes tracking to delineate risk & resilience factors in youth with pediatric pain.
- Understand the role of peers, parents/caregivers, & systems (e.g., family, school, hospital, community) in the management of pediatric pain conditions.
- Improve functioning, behavioral health, and quality of life in youth with discomfort and their families through provision of evidence-based therapies.
- Empower families & sensitize providers to the importance of therapeutic collaborations.

PROJECTS

- Courage to Act with Pain: Teens Identifying Values, Acceptance, and Treatment Effects Stanford University School of Medicine (February 18, 2014 present)
- Pediatric Collaborative Health Outcomes Information Registry (Peds-CHOIR) (7/9/2014 present)
- The Comfort Ability: A One-Day Workshop for Youth with Pain and their Parents/Caregivers Stanford Children's Health / Lucile Packard Children's Hospital in collaboration with Boston Children's Hospital (11/12/2017)
