

Stanford

Scott A. Hoffinger, M.D.

Clinical Professor, Orthopaedic Surgery

 Curriculum Vitae available Online

CLINICAL OFFICES

- **Stanford Childrens Health**

6121 Hollis St Ste 2
Emeryville, CA 94608

Tel (510) 549-8480 **Fax** (510) 857-9569

ACADEMIC CONTACT INFORMATION

- **Academic Office**

Patty Siordia - Administrative Assistant

Email psiordia@stanford.edu

Tel 650-723-5243

Bio

CLINICAL FOCUS

- Neuromuscular disorders, Cerebral Palsy, Hip reconstruction, Gait surgery
- Limb deformity, Leg length inequality
- Skeletal dysplasia, Mucopolysaccharidoses
- Complex limb reconstruction
- Pediatric hip reconstruction
- Orthopaedic Surgery

ACADEMIC APPOINTMENTS

- Clinical Professor, Orthopaedic Surgery

ADMINISTRATIVE APPOINTMENTS

- Vice Chief Pediatric Orthopaedics, Stanford University School of Medicine, (2012- present)
- Director of Pediatric Orthopaedic Outreach Development, Lucile Packard Children's Hospital at Stanford, (2012- present)

PROFESSIONAL EDUCATION

- Medical Education: University of Michigan GME Training Verifications (1983) MI
- M.D., University of Michigan Medical School (1983)
- Internship: Yale New Haven Hospital (1984) CT
- Residency: Yale New Haven Hospital (1988) CT
- Fellowship: UC Davis Medical Center (1989) CA
- Board Certification: Orthopaedic Surgery, American Board of Orthopaedic Surgery (1991)
- Fellow, Stanford Byers Center for Bionics (2018)

COMMUNITY AND INTERNATIONAL WORK

- ASEAN / POSNA, Myanmar, Malaysia, Thailand

- Iraqi Orthopaedic Conference, Basrah, Iraq

Research & Scholarship

CURRENT RESEARCH AND SCHOLARLY INTERESTS

Use of umbilical cord blood in treatment of neonates "at risk" for the development of static encephalopathy

Outcomes of hip reconstruction in children with cerebral palsy

Publications

PUBLICATIONS

- **A case report of combined ultrasound and fluoroscopic-guided percutaneous radiofrequency lesioning of the obturator and femoral articular branches in the treatment of persistent hip pain in a pediatric patient.** *Pain practice : the official journal of World Institute of Pain*
