

Stanford

Ken Suzuki

Postdoctoral Scholar, General Surgery

Bio

BIO

Ken Suzuki is a postdoctoral researcher at Stanford University's Department of Surgery. He received his PhD in Economics from the University of California at Santa Cruz in June 2024. Before UC Santa Cruz, he earned his MA in Economics from Hitotsubashi University in 2017 and his BA in Economics from Yokohama National University in 2015. His research interests include health economics, applied microeconomics, econometrics, and statistical causal inference. His research utilizes large administrative datasets from the Veterans Health Administration (VA) to examine how health policies affect patient healthcare utilization and health outcomes.
