Stanford

Kate Bubar

Postdoctoral Scholar, Infectious Diseases

Bio

BIO

Kate is a postdoc in the Lo Lab. With a background in applied mathematics, statistics, and infectious disease epidemiology, she is passionate about using data-driven models to better understand infectious disease dynamics with the ultimate goal of informing public health policies and reducing disease burden.

PROFESSIONAL EDUCATION

- Doctor of Philosophy, University of Colorado Boulder (2024)
- Bachelor of Science, Colorado School of Mines (2019)
- Master of Science, University of Colorado Boulder (2022)

STANFORD ADVISORS

- Nathan Lo, Postdoctoral Faculty Sponsor
