Stanford

Skye McLean

Visiting Instructor, Dermatology

Bio

BIO

I recently graduated from St. George's University School of Medicine in May 2026 and am excited to be joining the Pediatric Dermatology research team at Stanford under the mentorship of Dr. Teng. Originally from Vancouver, British Columbia, Canada, I will be spending the year conducting clinical research while expanding my knowledge of pediatric dermatology and academic medicine. I look forward to learning from the outstanding faculty and collaborators at Stanford, contributing to meaningful research, and preparing to apply for Dermatology residency in the 2027 Match.
