- Intramural Official, Recreation Competitive Sports
- Curriculum Vitae available Online

## Bio

### BIO

Recent Aerospace Engineering graduate from Illinois Institute of Technology and incoming M.S. student at Stanford University, seeking to apply and expand my expertise in aerodynamics, propulsion, and aerospace systems. Interested in modelling and performance optimization of high-performance aircraft and propulsion systems, with the goal of developing innovative and sustainable flight technologies.

### EDUCATION AND CERTIFICATIONS

- B.Sc., Illinois Institute of Technology , Aerospace Engineering (2026)
