## Elizabeth Miller

Professor of Geological Sciences

### Bio

---

#### ACADEMIC APPOINTMENTS

- Professor, Geological Sciences

#### ADMINISTRATIVE APPOINTMENTS

- GES Department Undergrad Curriculum Committee, Stanford University, (2009- present)
- Field Requirement Committee, GES Department, Stanford University, (1979- present)
- T.A. and R.A. assignments, GES Department, Stanford University, (1990- present)
- Promotions and re-appointments (2), GES Department Stanford, (2013-2014)
- Faculty Supervisor, SES Rock Preparation and Mineral Separation Facilities, (1990- present)
- Co-chair, Admissions Committee, GES Department, Stanford University, (2013- present)
- Associate Chair, GES Department, Stanford University, (2013- present)

#### HONORS AND AWARDS

- Outstanding Senior in Geology Award, Franklin and Marshall College (1973)
- Continental Oil Fellowship, Rieber Award, Conoco Oil Grant (1975-1976)
- Outstanding Graduate Student Award, Houston Geological Society (1977)
- Fellow, Geological Society of America (1985)

#### BOARDS, ADVISORY COMMITTEES, PROFESSIONAL ORGANIZATIONS

- Member, Advisory Board, Thinking Matters Courses, Stanford University (2018 - present)
- Session Chair Chapman Conference on Arctic Magmatism, American Geophysical Union (2019 - 2019)
- pre-major Advisor, Stanford University (2016 - 2018)
- Chair, Graduate Admissions Committee, Geological Sciences (2015 - 2018)
- Instructor Advanced Research in the Field: Senior capstone course in Geological Sciences, Stanford University (2017 - 2017)
- co-leader, Raft Geologic Expedition, Alatna River, Brooks Range, Alaska, Stanford University (2016 - 2016)
- co-leader, Raft Geological Expedition, John River, Brooks Range Alaska, Stanford University (2013 - 2013)
- Co-Convenor Arctic Session, American Geophysical Union (2013)
- Invited Session Chair AAPG 3P Arctic Meeting, Stavanger Norway, American Association of Petroleum Geologists (2013)
- Expedition leader, Brooks Range, Arctic Alaska, Stanford University (2013)
- Invited Chapman Speaker on the Arctic, University Alaska Fairbanks (2013)

- U.S. Participant, Expedition to Chukotka, North East Arctic Russia, Stanford University (2011)
- Member and individual transect co-chief, Circum-Arctic Lithosphere Evolution (CALE) (2010 - present)
- Co-convenor, American Geophysical Union Session, American Geophysical Union (2010)
- U.S. Participant, Expedition to Polar Urals, Arctic Russia, Stanford University (2009)
- U.S. Participant, Expedition to Lena Delta, Arctic Russia, Stanford University (2008)
- Chief U.S. Geologist, Geological Expedition to Wrangel Island, Russia, Stanford University (2006)

## PROFESSIONAL EDUCATION

- Post-Doctoral Scholar, Lamont-Doherty Geological Observatory , Marine Geology and Geophysics (1978)
- Ph.D., Rice University , Geology and Geophysics (1977)
- M.A., Rice University , Geology and Geophysics (1976)
- B.A., Franklin and Marshall College , Geology (1973)

## Research & Scholarship

---

### CURRENT RESEARCH AND SCHOLARLY INTERESTS

#### Research

The structural geology and tectonics research group addresses topical problems in structural geology, regional geology and tectonics, and how rocks deform--at the atomic to the plate tectonic scale. The goals of our research are to contribute to our basic knowledge of deformation at the lithospheric scale, how deformation at depth is coupled to that at the surface, and to better understand the driving forces for this deformation. We utilize a variety of approaches, both traditional and innovative. Our work is field-based, involving an important component of geologic mapping in addition to structural and microstructural analysis, stratigraphic and sedimentologic studies, metamorphic and igneous petrology, cross-section balancing, modeling and geophysical data. Timing and rates of deformational events, based on geochronologic and thermochronologic data sets, are key to our research.

#### Teaching

I teach mostly at the upper undergraduate level with courses in field geology, structural geology and tectonics, and thin section petrography. At the graduate level, I organize topical seminars in tectonics and regional geology, field-based research projects and trips, and teach advanced classes in rock microstructures and deformation.

#### Professional Activities

Participant/Leader Expedition to Brooks Range, Arctic Alaska; U.S. Participant, Expedition to Chukotka, North East Arctic Russia, 2011; U.S. Participant, Expedition to Polar Urals, Arctic Russia, 2009; U.S. Participant, Expedition to Lena Delta, Arctic Russia, 2008; Invited Chair, Session on Lithosphere of the Western U.S., NSF EarthScope Biennial Conference, 2009; Keynote Speaker, GSA Penrose Conference on the Origins of the Amerasian Basin of the Arctic, 2009; Chief U.S. Geologist, Geological Expedition to Wrangel Island, Russia, 2006; Geologist expedition to Yana River, 2008, Polar Urals, 2009, Chukotka, Arctic Russia, 2011.

### PROJECTS

- Circum Arctic Lithosphere Evolution - Stockholm University and Stanford University
- Structural architecture and evolution of the southern flank of the Brooks Range fold and thrust belt, Arctic Alaska - Stanford University with Stockholm University, Sweden (7/31/2017 - 7/31/2020)
- Development of Eurasian Geothermalchronological Scientific Education Center - Kazan Federal University

## Teaching

---

### COURSES

#### 2018-19

- Advanced structural mapping in the field: GEOLSCI 293 (Aut)
- Earth Materials: Rocks in Thin Section: GEOLSCI 103, GEOLSCI 203 (Win)
- Geologic Evolution of the Western U.S. Cordillera: GEOLSCI 210 (Win)
- Living on the Edge: EARTH 15, GEOLSCI 5 (Spr)
- Rock Deformation and Tectonics: GEOLSCI 110, GEOLSCI 294 (Spr)

#### 2017-18

- Advanced structural mapping in the field: GS 293 (Win, Spr)
- Earth Materials: Rocks in Thin Section: GS 103, GS 203 (Win)
- Living on the Edge: EARTH 15, GS 5 (Aut, Spr)
- Microstructures: GS 209 (Win)
- Research in the Field: GS 190, GS 295 (Aut, Win)
- Rock Deformation and Tectonics: GS 110 (Spr)

#### 2016-17

- Earth Materials: Rocks in Thin Section: GS 103 (Win)
- Living on the Edge: EARTH 15, GS 5 (Aut, Spr)
- Research in the Field: GS 190 (Spr)
- Stanford EARTH Field Courses: EARTH 191, GS 191 (Aut)
- Structural Geology and Tectonics: GS 110 (Spr)

#### 2015-16

- Earth Materials: Rocks in Thin Section: GS 103 (Win)
- Living on the Edge: GS 5 (Aut, Spr)
- Microstructures: GS 209 (Win)
- Structural Geology and Tectonics: GS 110 (Spr)

### STANFORD ADVISEES

#### Doctoral (Program)

Stephen Pearcey
