Bio

BIO

Dr Nilima Ragavan is an experienced clinician who has expertise in the care of newborns ranging from critically ill to well babies. She is passionate about education and is the director of the Stanford pediatric resident rotation in the neonatal intensive care unit. She has led several multi disciplinary teams to India, and has organized and conducted international neonatal and perinatal conferences. She is a member of the palliative care team and serves as a mentor to junior faculty. She is the medical director of the Packard Special Care nursery at Sequoia, and also attends in the NICU at Stanford.
