Weiruo Zhang

Research Engineer, Biomedical Data Science

Bio

BIO

Dr. Zhang is currently a Research Engineer at the Department of Biomedical Data Science and the Center for Cancer Systems Biology, Stanford School of Medicine. Dr. Zhang obtained her M.S. and Ph.D. in Electrical Engineering, both from Stanford University. Her Ph.D. studies focused on developing computational algorithms for metabolomics data analysis, in which she received Young Scientist Award from the Metabolomics Society for her algorithm on metabolic network analysis delineating the effects of genetic mutants and drug treatment on the metabolome. Her postdoctoral studies at the Department of Radiology, Stanford School of Medicine, integrated radiomic data and genomic data that identified a prognostic metabolic regulation biomarker for non-small cell lung cancer. Her current research primarily focuses on developing and implementing novel computational methods to integrate and analyze single-cell multi-omics data, such as single-cell RNA sequencing, spatial proteomics and spatial transcriptomics. She has developed algorithms to solve computational challenges of spatial omics data and to identify mediators for cell-cell interactions associated with metastasis that was featured in Stanford Medicine Magazine. Dr. Zhang has authored and co-authored publications including Nature, Cell, Nature Methods etc. Her research aims at bridging multi-omics, imaging, machine learning, artificial intelligence to better understand biology for cancer progression and immunosuppression.

HONORS AND AWARDS

- University Biomedical Informatics Research Training Award, NLM, National Institutes of Health (2020)
- Young Scientist Award, The Metabolomics Society (2013)
- First Class Honor, National University of Singapore (2009)

EDUCATION AND CERTIFICATIONS

- BE, National University of Singapore , Electrical Engineering (2009)
- MS, Stanford University , Electrical Engineering (2011)
- PhD, Stanford University , Electrical Engineering, Bioinformatics (2015)

SERVICE, VOLUNTEER, AND COMMUNITY WORK

- Staff representative, JEDI (Justice, Equity, Diversity, and Inclusion) committee (2022)
