

Stanford

Serena Hanes

Licensing Coordinator, Office of Technology Licensing (OTL)

Bio

BIO

Serena is a Licensing Coordinator at Stanford OTL, supporting various projects for the licensing and strategic alliances teams. Since she rejoined Stanford in 2023, she has been involved in coordinating overall process efficiencies and project management for the teams. She brings well over a decade of technology transfer experience after previously working as the Stanford Innovation Project Administrator and Licensing Liaison within OTL, and as the IP Manager at Cornell's Center for Technology Licensing.
